Dear Harold:

Sent you under seperate cover a copy of 'The War Conspiracy', a study which parallels and substantiates you own analysis.

The Watergate story would be a book in your metier.

Mae's'Realist'study was "interesting" but full of factual errors.

The links between Watergate figures and Dallas are fascinating, particularly since the press has been silent on the subject.

"Bender" may or may not be "Hunt" since the former has been previously described as European.

To me, the N.Y.T. endorsement of McGovern is the kiss of death.

Hope you are getting plenty of rest.

Sincerely,

ERW/rm
